I hereby apply for one/two places at the Workshop identified above. I understand that there will be a maximum of 10 students per course and that enrollments are accepted strictly in order of their arrival. I understand that this is a firm commitment to attend and that because the classes are so small, no refund can be given in ANY circumstance. However, if for ANY reason I/we are unable to attend, I/we are free to send someone in our place and that this will be my/our responsibility. I understand that once the ten student commitments are received, late registrants will have their money returned in full or they will have the opportunity to have first choice to be accepted in any additional course that may be presented. I understand that OZEVET reserves the right to withdraw this workshop offer should there be insufficient registrants before OZEVET's commitment day which is **01/03/2012 at the latest**. I understand that as soon as OZEVET has sufficient commitments for the course to proceed I will be notified and will then make necessary travel and accommodation arrangements.
